Overview

DKing Express, LLC is a certified small business formed in 2015. We bring diverse expertise in supply logistics, oil and gas services, and **commercial construction**—and an innovative approach to **construction management** and **building services**. We provide industrial, commercial, and housing **construction services** to federal, regional, and local clients at a fair and market-competitive price. We also offer **concrete foundation** and **structure construction** and **facility management** services.

Using best practices from our management team’s experience in supply logistics for military and commercial clients, we can efficiently **price and manage materials** for any construction project. We are committed to delivering client satisfaction. DKING is a VOSB and Texas HUB certified firm.

Construction Services Qualifications Statement

From preparing the construction estimate to procuring construction materials and equipment, to job site management, quality control, inspections, and warranty services, we bring five years of experience on construction projects of all sizes and complexity. We will deliver your project on schedule and within budget. We are also experienced in resolving issues on site with smart, practical solutions. Because we perform **all logistic in-house**, DKing can develop construction plans to each client’s precise requirements.

Whether engaged as your general contractor, or a specialty trade subcontractor, we are ready to serve you.
